

McInturff & Associates

Global Sourcing Specialist (Job #2665)

Global sourcing is key for both production and high volume singular buys. This is not a tactical position.

Responsibilities include:

- Implementing global strategic sourcing initiatives
- Supporting local sourcing needs
- Developing strong relationships with the Global Commodity Managers and key stakeholders within the corporate, divisional, and local levels
- Executing sourcing strategies

Requirements include:

- Bachelor's degree; MBA preferred
- CPM certification a plus
- Experience with Molded Plastics, Packaging, Rubber products and/or Chemicals
- Minimum of 5 years experience in a Strategic Sourcing role
- Experience in a multi-site organization with skills and exposure in advanced sourcing strategies
- Experience performing in a fast-paced, goal oriented and time-sensitive environment
- Ability to lead and influence change in the face of complexity and ambiguity
- Ability to speak and present effectively to peers and senior management

Location: Southern New Hampshire

Salary: \$85,000 - \$100,000 plus bonus
